Flavorcan International Inc. (www.flavorcan.ca) is recognized as a leader in its industry, supplying high quality, custom designed flavors to many of the top companies in the food, dairy, confection, baking, beverage, pharmaceutical, and health industries. Flavorcan International is a FSSC22000:2010 certified company. Due to our growing business, we have one opening available in our R&D lab for an experienced Flavourist.

Position Description

The Flavourist will:

- Review customer requirement, evaluate targeted product and develop custom flavours following a formulas for various applications for internal and external customers
- Lead or participate in flavour related R&D projects to revise flavour formula, conduct flavour research or improve R&D process
- May supervise the R&D works of other chemists and technicians
- Work with other departments to meet customers' needs
- Other laboratory and R&D duties as directed

Qualifications

- A Bachelor or Master degree in food Science (or related disciplines) is required.
- Five years or more R&D experiences in flavour, ingredient, seasoning, or processed food industries
- Knowledge in analytical GC/MS and other standard analysis of aroma
- Highly organized with excellent verbal and written communication skills.
- Must be able to work in a fast paced, team environment
- Knowledge of organic chemistry and professional designations preferred
